northern power futures

Welcome to Northern Power Futures festival which brings together the future world of work, communities, culture and wellbeing, all under one roof. With your support we have crowdsourced the content to enable and develop conversations, question the status quo and provide a platform to impact on the future of the North. We hope you will ask questions, connect and engage with those looking to make the North the best place to work, live and play.

Big thank you to our supporters, partners and sponsors: EY, Vodafone, Royal Navy, British Army and Royal Air Force.
